The procedure for students/parents to discuss pertinent school issues follows the chain of command in the following order:

1. Teacher
2. Principal
3. Superintendent
4. School Board

It is important to follow the chain of command so that the individuals most closely associated and most knowledgeable about an issue can be involved in the resolution.

### **Visitors**

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher's conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.

### **Equal Educational Opportunities and Sex Equity**

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the Jr./Sr. High School Principal.

### **Animals on School Property**

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.

### **School Volunteers**

All school volunteers must be approved by the building principal prior to assisting at the school. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

Cross-Reference: POLICY 6:250, *Community Resource Persons and Volunteers*

### **Emergency School Closings**

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information. In addition parents may be notified using the School Messenger notification system.

For your child's safety, make certain your child knows ahead of time where to go in case of an early dismissal.

Cross-Reference: POLICY 4:170, *Safety*

### **Video & Audio Monitoring Systems**

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

Cross-Reference: POLICY 4:110, *Transportation*

### **Accommodating Individuals with Disabilities**

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

Cross Reference: POLICY 8:70, *Accommodating Individuals with Disabilities*

### **Students with Food Allergies**

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the school nurse (217) 763-2551.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

Cross Reference: POLICY 7:285, *Food Allergy Management Program*

### **Care of Students with Diabetes**

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

- a. Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.
- b. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- c. Sign the Diabetes Care Plan.
- d. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.

### **Suicide and Depression Awareness and Prevention**

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Information can be obtained from the school guidance office.

Cross-Reference: POLICY 7:290, *Suicide and Depression Awareness and Prevention*

### **Accommodating Breastfeeding Students**

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

1. Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
2. Permission to bring onto school campus a breast pump or other equipment used to express breast milk.
3. Access to a power source for a breast pump or any other equipment used to express breast

milk.

4. Access to a place to store expressed breast milk safely.
5. Reasonable breaks to accommodate the student's need to express breast milk or breastfeed an infant child.
6. The opportunity to make up work missed due to the student's use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to the District's Complaint Manager or Non-Discrimination Coordinator.

### **Work Permits**

Work permits are required for all gainfully employed persons under 16 years of age except in agricultural pursuits, domestic services, and the distribution or sale of periodicals and newspapers. Work permits may be issued when the pupil presents a legal verification of age, a statement describing specific nature and conditions of work to be done, parental approval, and a written promise of employment. The nature of the work must be legal according to the Federal and State Child Labor Laws. Work permits may be obtained from the Principal's Office.

### **School Operations During a Pandemic or Other Health Emergency**

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.

5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.
8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

## **Chapter 2 - Attendance, Promotion, and Graduation**

### **Attendance**

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Cross-reference: POLICY 7:70, <i>Attendance and Truancy</i>

### **Student Absences**

There are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of

Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school. Additionally students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school at 217-763-2711 before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

Cross-reference: POLICY 7:70, <i>Attendance and Truancy</i>
---

### **Pre-arranged Excused Absences**

If a student knows they must be absent from school, they must first receive the pre-arranged approval of the principal before securing a dismissal form. If the absence is non-school related, then a note must come from their parents or guardians stating the reason and length of absence. This form must be signed by teachers for approval and turned in to the office prior to the planned absence. School related absences are to be done following the same procedures except for the note. An advanced dismissal form may carry complete make-up privileges. Those not approved or pre-arranged will be unexcused.

Pre-arranged family vacations and out of town trips are limited to one incident per school year with a five school day limit. All other incidents are unexcused and will result in an unexcused absence.

### **College Day**

Realizing the need of some students to attend special college registration and meetings during school days, the school will allow an excused absence during an approved College Visit for qualifying seniors. These visits are generally limited to two per year only if the student is a college bound student.

The following criteria must be met: the student must be planning on attending college, arrangements must be made by the Guidance Counselor who will contact the college, university, or Tech school to arrange for the visitation, a form signed by the student, parents, and Guidance Counselor must be presented to the Principal before an approved dismissal form is granted, the student must bring proof from the college that they were there (a note on letterhead, note with an official seal, or note with an official stamp). Failure to meet these criteria will result in denial of the college day and/or possible disciplinary action.

Students attending approved College Days will be allowed to participate in after school activities.

### **Release Time for Religious Instruction/Observance**

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

Cross Reference: POLICY 7:80, *Release Time for Religious Instruction/Observation*

### **Absences - After School Activities**

In order for a student to be able to participate or attend an after school activity or practice, the student must be in school by 11:48 on the day of the activity unless approved by the principal.

### **Make-Up Work**

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Make-up work is permitted with generally one day per day absent with an additional day allowed to complete the work (A student absent 2 days would have 3 days to make up work, etc.). Lengthy and advanced absences will be treated on a case by case basis. Students who are unexcused from school will be permitted to make up all missed work or be assigned an alternative assignment at the discretion of the classroom teacher and the principal. A late work penalty may be assigned that is inline with the individual classroom policy.

### **Truancy**

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

### **Tardiness**

Students must report to their classes on time. If a student is detained by a teacher after class, that teacher may write a pass, call, or email for the student. Students reporting to class after the last bell without a pass will be counted tardy by the instructor of the class. A third unexcused tardy per semester will result in a loss of cell phone privileges for the school day. A sixth unexcused tardy per semester will result in a loss of cell phone privileges for five school days and social suspension for five school days. A ninth unexcused tardy per semester will result in a loss of cell phone privileges for the rest of the semester and social suspension for the rest of the semester.

Students receiving an unexcused tardy for more than  $\frac{1}{2}$  of a period will be considered skipping and will result in a loss of cell phone privileges for the school day. (This includes students arriving to school late).

In the event the student does not have a cell phone alternative discipline may be issued at the discretion of the building principal.

### **Grading**

School report cards are issued to JH students on a quarterly basis. During the middle of each quarter, a notice will be sent to the parents of any student doing poor work or failing work.

School report cards are issued to HS students at the end of each semester. Semester grades are the grades permanently recorded. Semester grades are determined by the following method: semester exams count

20% and the semester grade counts approximately 80%. During the middle of each semester progress reports will be sent home to all students. In addition, periodic progress reports will be sent to parents of any student doing poor work or failing work. If a student fails a semester and passes the other semester, only credit will be given for the semester passed [HS]. Required courses must be passed in both semesters.

Grade Values: For the purpose of computing grades earned in a class, the following point values are to be used:

90-100	= A = Superior	- 4.00
80-89	= B = Above Average	- 3.00
70-79	= C = Average	- 2.0
60-69	= D = Below Average	- 1.00
0-59	= F = Failure	- 0.00

An incomplete cannot be carried on a report card two weeks after a grading period is over, unless an exception is made by the Principal when a student is physically unable to meet those guidelines.

For questions regarding grades, please contact the classroom teacher.

### **Honor Roll**

Grades for honor roll will be comprised of all grades recorded on the report card. A list will be compiled at the end of each quarter for JH Students and at the end of each semester for HS Students. • High

Honors: 3.75 - 4.00

- Honors: 3.50 - 3.74
- Honorable Mention: 3.00 - 3.49

### **Semester Exams [HS]**

All teachers are to give semester exams. These exams are to be given during the semester exam schedule only.

Any student that has 3 or fewer excused absences of any type in a class for the semester may have the option of being exempt from that semester exam if they do not have a D or F in that class and file the proper exemption form. (1 exemption per semester.)

Any senior students who meet or exceed the standards on the SAT, may be exempt from first semester exams if they are not in danger of failing (no semester average of D or F) and fill out the proper permission from parents and teachers.

Any senior who has an A or a B average for the second semester in a course and has not missed that period 5 or more times without a Doctor's excuse, may be exempted from the final semester examination in that course with signed parental permission form.

A student who is not exempt from semester exams must take the semester exam or fail the course for the entire semester. Students must be present at their semester exams for the entire time allotted for the semester exam. Only doctor excused absences (a dated note by a doctor must be presented within 48 hours after returning to school), court appearances (with note from court), or funerals will be accepted. Pre-arranged absences may be considered.

### **Promotion [JH]**

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Cross Reference: POLICY 6:280, *Grading & Promotion*

### **Skyward**

Parents can access their student's grades, attendance record, and discipline file as well as events through Skyward. Parents and students are provided with usernames and passwords at registration or by calling the Jr/Sr high school office. The website for Skyward is:  
<https://skyward.iscorp.com/CerroGordo100ILStuSTS/>

## **Homework**

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Students who are absent from school for a valid cause (and excused absence) may make up missed homework in a reasonable timeframe.

## **Exemption from Physical Education Requirement [HS]**

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request.

An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request. A student in grades 9-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Enrollment in a marching band program for credit;
2. Enrollment in Reserve Officers Training Corps (ROTC) program sponsored by the District;
3. Ongoing participation in an interscholastic or extracurricular athletic program;
4. Enrollment in academic classes that are required for admission to an institution of higher learning (student must be in the 11th or 12th grade); or
5. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate (student must be in the 11th or 12th grade).

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure 10.30.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student's participation ceases;
2. The student's class schedule; and
3. The student's future or planned additional participation in activities qualifying for substitutions for physical education, as outlined above or in Handbook Procedure 10.30.3

### **Home and Hospital Instruction**

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant or licensed advance practice registered nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

Students previously homeschooled and wishing to enroll at Cerro Gordo High School as freshmen must successfully pass a placement test with 70% accuracy. Students wishing to enroll as upperclassmen must have successfully completed course work from an approved Illinois accredited program. These courses must be comparable to course work taught at Cerro Gordo High School. All courses must be approved by the Principal to be accepted for credit.

For information on home or hospital instruction, contact the building principal at 217-763-2711.

### **Heartland Technical Academy**

Juniors and Seniors may apply to participate in the Heartland Technical Academy (HTA). GPA, attendance, and behavior are all determinants used by the Principal for admittance and continued participation in the HTA program. Students must utilize District #100 provided transportation service to HTA or receive prior approval from the Principal for alternative transportation. Students attending HTA will be required to report to HTA on days when Cerro Gordo Schools are not in session and HTA is in session. On days when HTA classes are not held, students will not be required to be on campus during their HTA course hours. Suspensions at HTA will result in suspension at CGHS and suspensions at CGHS will result in suspensions at HTA. Participation in the HTA program can be revoked at any time by the building principal based on student coursework, attendance, or behaviors.

### **Richland Transfer Academy**

Juniors and Seniors may apply to participate in the Richland Transfer Academy (RTA) if that student meets criteria set forth by Richland Community College and possesses a 3.0 High School GPA prior to the start of their desired RTA term. This academy affords students at CGHS the opportunity to complete general education classes that may be transferred to state universities. The Board of Education and Richland Community College reserves the right to use a selection process involving the number of students who attend. Students must utilize District #100 provided transportation service to RTA or receive prior approval from the Principal for alternative transportation. Students will assume responsibility for purchasing and acquiring all books and other materials necessary for classes. Students and parents understand that all grades at the academy affect GPA and subsequently class rank. Any student not completing a course with a passing grade for the semester will be charged the full cost of the course. Students attending RTA will be required to report to RTA on days when Cerro Gordo Schools are not in session and RTA is in session. On days when RTA classes are not held, students will only be required to be on campus when their Cerro Gordo High School classes meet. Suspensions at RTA will result in suspension at CGHS and suspensions at CGHS will result in suspensions at RTA. Participation in the HTA program can be revoked at any time by the building principal based on student coursework, attendance, or behaviors.

### **Outside Courses**

Courses taken outside the normal course offering at the High School can only be taken with prior approval of the Principal. Application must be made to the Guidance Counselor. These courses can only be taken to make-up credit from failing work, for dual credit purposes, or to supplement a course that is not offered at Cerro Gordo or cannot fit in the students schedule. Such courses may not be taken to avoid the courses offered at the High School. Courses taken at colleges which do not count as High School credit cannot be counted for graduation.

### **Credit Recovery**

Credit Recovery for high school courses may be offered during the summer and/or during the school term. ~~A maximum of 1 credit hour per school year may be offered during the summer.~~ School term credit recovery is at the discretion of the high school principal.

### **Driver Education**

Students must attend a minimum of 30 hours of classroom instruction. Students not meeting these requirements due to absenteeism will retake the classroom portion the following semester.

### **Valedictorian/Salutatorian**

To be considered for Valedictorian or Salutatorian awards, students must complete eight semesters of high school and successfully complete at least seven of the following courses.

Algebra II, Calculus, Trigonometry/Pre-Calculus (both must be taken to be counted as one course), Biology 2, Chemistry, Physics, French II, French III, French IV, Spanish II, Spanish III, Spanish IV, English 101, English 102, all Richland Transfer Academy Courses.

Grade point average (GPA) will determine valedictorian and salutatorian awards. If GPA is identical through six decimal places, co-valedictorian and/or co-salutatorian awards will be given.

Transfer students must be enrolled no later than the beginning of their senior year to be eligible for Valedictorian and Salutatorian consideration. Foreign exchange students cannot be valedictorian or salutatorian.

### **Graduation Ceremonies**

Graduation ceremonies are not mandatory and students must meet requirements in order to participate. Graduation practice must be attended.

Students must have completed all graduation requirements in order to participate in graduation ceremonies. Foreign exchange students receiving honorary diplomas are exempt from this. All disciplinary actions must be taken care of before graduation ceremonies or the senior will not be allowed to participate in graduation ceremonies. Parents will be notified of outstanding debt at registration and before February 1 of the current school year. Money owed beyond registration and book rental fees must be paid before participation is allowed.

## **Chapter 3 - Student Fees and Meal Costs**

### **Fines, Fees, and Charges; Waiver of Student Fees**

The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act; or
2. The student or the student's family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children).
3. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

## **Chapter 4 - Transportation and Parking**

### **Bus Transportation**

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the

- bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.
  4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
  5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smartphones, and other electronic devices must be silenced on the bus unless a student uses headphones.
  6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
  7. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
  8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
  9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
  10. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
  11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the Jr/Sr High School Principal.

## **Bus Conduct**

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

### **Parking**

Students may park their vehicles in the east and south parking lots. All student vehicles must be properly tagged with their school parking permit visible in the front windshield at all times. Vehicles should be driven safely under the speed limit of 10 miles per hour and must yield to pedestrians. Vehicles parked outside of designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

All parking adjacent to the building on the east lot and in the north lot are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. **STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK.** Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school. Students may not go to their cars or parking lot during school hours unless prior approval has been granted by the office staff.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.

Video cameras may be active in parking lots and may be used for the purposes of investigation into

student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

## **Chapter 5 - Health and Safety**

### **Immunization, Health, Eye and Dental Examinations**

#### **Required Health Examinations and Immunizations**

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

#### **Eye Examination**

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

#### **Dental Examination**

All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. 5. During periods of remote learning.

### **Disciplinary Measures**

School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.

activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

### **Isolated Time Out, Time Out and Physical Restraint**

Isolated time out, time out, and physical restraint shall only be used if the student’s behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others.

### **Corporal Punishment**

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

## **Gang & Gang Activity Prohibited**

### **Prevention of and Response to Bullying, Intimidation, and Harassment**

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health; 3. Substantially interfering with the student's or students' academic performance; or 4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager, nondiscrimination coordinator, or any staff member with whom the student is

comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Keep user account(s) and password(s) confidential. Do not use another individual’s account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

2. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of *public domain* documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.
4. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
5. Student work may only be published if there is written permission from both the parent/guardian and student.

2. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the District’s Internet gateway carry with them an identification of the user’s Internet *domain*. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.

### **Annual Notice to Parents about Educational Technology**

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's

information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or

homeless/foster care status)

- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

### **School Day Participation & Behavior**

Student athletes are expected to participate and demonstrate appropriate behaviors in all classes. 2. Should a conflict arise:
  - a) Conference contests take precedence over non-conference contests.
  - b) IHSA State contests take precedence over conference contests.

Decisions will be made by the coaching staff involving conflicts to insure that Cerro Gordo High School will not have to forfeit due to lack of players for softball/baseball games.

Cerro Gordo students may choose to participate in more than one activity simultaneously. Students

choosing to do so are bound by the guidelines set forth below and are also responsible for informing his/her sponsors/coaches of possible conflicts when the student is involved in multiple activities. Sponsors, coaches and administrators will collaborate on the scheduling of games, performances, practices and rehearsals to minimize conflicts for such students. Despite these efforts, conflicts will arise on occasion. If a student is scheduled to participate in two school activities whose times overlap or conflict, the teachers, coaches, or sponsors involved will determine if it is possible for the students to participate in both events. If this is not possible, the following guidelines will determine in which event they will participate.

1. A performance, contest or game takes precedence over a practice, rehearsal or non-competitive cheerleading (sideline cheering at football and boys' basketball games).
2. A regional qualifier that could lead to the state level takes precedence over a performance, competition, or game that does not lead to the state level.
3. A conference contest or game shall take precedence over a non-conference contest or game.
4. The LPC Track Meet shall take precedence over any baseball or softball game.
5. If two competitions or performances or two practices or rehearsals are in conflict, the student may choose either without penalty as long as they inform both teachers (coaches, sponsors) of their choice in advance.
6. Failure to follow these guidelines or to inform their teacher (coach, sponsor) of a conflict in a timely manner may result in the student suffering the normal consequence for failure to show up.

**Character:**

The faculty will be given a list of students who meet the minimum GPA requirement for acceptance. Teachers will evaluate those students in the following areas: integrity, behavior, dependability, attitude, and motivation. Any class, school sponsored organization or club desiring to run a fundraising event must first have approval of their sponsor, the Principal and the Superintendent. No two high school classes, clubs, or organizations may run a fundraising sales event simultaneously. Classes and clubs may not use class time to earn money. Earning activities may be planned at class meetings or club meetings. Funds raised by all school organizations must maintain their accounts through the High School Office. The proper form must be filled out and on file.

### **Drug and Alcohol Testing Program**

The School District maintains an extracurricular and athletic drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular and athletic activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent/guardian must consent to random drug and alcohol testing in order to participate in any extracurricular or athletic activity. Failure to sign the School District's "Random Drug and Alcohol Testing Consent" form will result in non-participation.

If a test is positive, the student may not participate in extracurricular or athletic activities until after a follow-up test is requested by the building principal or designee and the results are reported. The building principal or designee will request a follow-up test after such an interval of time that the substance previously found would normally be eliminated from the body. If this follow-up test is negative, the student will be allowed to resume participation in extracurricular and athletic activities. If a positive result is obtained from the follow-up test, or any later test, the same previous procedure shall be followed.

No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the School District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. The right to inspect and copy the student's education records within 10 business days of the day the District receives a request for access.

Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.  
  
These rights are denied to any person against whom an order of protection has been entered concerning the student.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student's education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent. 5. The right to a copy of any school student record proposed to be destroyed or deleted. a. The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws.
